

# RESEARCH AND PRACTICE IN INTELLECTUAL AND DEVELOPMENTAL DISABILITIES (RAPIDD)

ROUTLEDGE

Routledge  
Taylor & Francis Group

## Call for Papers

In collaboration with the 2015 International Conference in Canada, "Claiming Full Citizenship: Self-determination, Personalisation, and Individualized Funding", Professor Tim Stainton will co-edit a Special Issue of *RAPIDD*.

We are particularly interested in papers that report research, critically reflect on the mechanism and practices for achieving self-determination and person-centred services, or review progress toward more inclusive lives for people with intellectual disabilities.

We seek a range of different perspectives and invite researchers, advocates, families, and service providers who are presenting at the Conference, or others who are working in this field, to submit papers for the Special Issue.

**For more information about the special issue, submissions or who to contact, go to:**
